I am pleased to present the Technical Excellence Update for the 2009 calendar year, which showcases the public domain publications and presentations available through SRC. This version is sorted alphabetically by the publication author.

SRC continues to be an innovative research and development organization that works in many strategic sectors, including Agriculture, Biotechnology and Food: Alternative Energy and Manufacturing; Energy; Environment and Forestry; and Mining and Minerals. Our employees have a wide range of experience and scientific expertise, enabling SRC to meet unique and varied client needs.

SRC technical specialties include, but are not limited to:

**Natural Sciences**
- Biology, chemistry, computing science, geology, math, physics, etc.

**Engineering**
- Chemical, civil, industrial, mechanical, metallurgical, petroleum, etc.

**Management Sciences**
- Business administration, business disruption/resumption management, commerce, facilities management, information technology, marketing and communications, law, risk management, safety, etc.

Visit our website at www.src.sk.ca for additional calendar year updates.
